Electrical World

McGRAW-HILL PUBLISHING CO. INC. • 330 W. 42ND STREET, NEW YORK 36, N. Y.

GENERAL ALPHABETICAL INDEX

Volume 149 January-June 1958

A

Accounting

Accountants can help you manage. C. L. Richey, Jan. 27 ..... *80
Capitalized pay gives tax benefits. W. F. Stanley, Feb. 24 64
Estimating unmetered heat customers' bills. E. G. Poole, Apr. 7 131
FPC sets up new tax accounting category for utility use (N) June 30 40

Advertising (see also **Public Relations**)

APPA protests 'Give-Away' ad (N) Jan. 20 41
Ad expense heads into tax wringer (N) Feb. 17 ..... *66
Certain ad expenses not deductible (N) Feb. 24 65
Exide's ad series promote trucks, power sales (N) Apr. 14 76
Kansas P&L uses cartoon ad series to sell electric water heating Apr. 28 ..... *128
Northern States Power Co.—what makes an ad department win prizes? Jan. 6 ..... *38
Southwestern G&E court suit tests IRS ruling on ad costs (N) Feb. 3 *59
Southwestern G&E merits support in advertising tax case (Ed) Feb. 17 61
Thomas Industries, Inc. trucks used in publicity (N) Mar. 24 88
"Where principle is concerned, be deaf to expediency" (Ed) June 16 39
Where to draw the line in the advertising fight (Ed) Jan. 20 39

Air Conditioning

Air conditioned control booth spurs hot rolling operation at Armco Steel. J. C. Handy, Mar. 10 ..... *76
Air conditioning system ends printing press stoppages at Tompkins Label Service. L. Albertson, Mar. 31 78
Carrier Corp. seeks to establish Btu as rating (N) Apr. 21 104
Carrier Corp.'s Btu campaign endorsed (N) June 2 70
FHA ruling allows air conditioning to be included in mortgage (N) Jan. 13 48
Gardetto's Bakery recipe for brighter cake sales: lighting, A. C. W. L. Streich, May 26 ..... *94
Important A. C. developments predicted (N) May 26 94
Sales up in N. Y. (N) Mar. 3 102
Trane Co. eyes home air conditioner field (N) Mar. 3 102

Air Pollution

Georgia Power breeching passes smoke while stack is extended. R. S. Causey, Feb. 3 ..... *52
Koppers precipitator has barbed electrodes (N) Mar. 3 124
Precipitator models improve flue design (N) Mar. 17 ..... *86
St. Regis Paper Co.'s precipitators, used to salvage sulphates from flue gases, save $3,000 (N) Mar. 17 .....*100
13 Koppers precipitators to be installed in early '58 (N) Jan. 13 112

Anniversaries

Asplundh Tree Expert Co. marks 30 years (N) Feb. 17 115
TVA: after 25 years, still an issue (table) May 12 ..... *55

Appliances

AGA sees appliance sales at 57 million for 1958-62 (N) June 23 180
Appleton, Wis., Fox Cities area, 'Better Buy Now' program probes for a rebound in appliance sales (N) May 19 ..... *66
Appliance sales take downturn. R. W. Armstrong (tables) Jan. 27 114
Appliance use estimated (N) June 2 70
Central Maine Power Co. quits retail appliance business (N) Jan. 27 140
Chicago teachers probe appliances on tour (N) Mar. 17 ..... *98
General Electric abandons 'fair trade' policy Mar. 10 72
Indianapolis P&L's free replacement program for schools (N) Apr. 21..*162
REA backs push on appliance loans (N) Apr. 21 48

Area Development

Kentucky Utilities Co. Main Street Modernization program (N) June 23 180

Associations

AIEE-Hickernell, L. F. looks at AIEE (N) Feb. 17 ..... *64
AIEE Winter General Meeting (N) Feb. 17 ..... *62
AIEE Winter General Meeting—report Mar. 3 ..... *71
APPA Engineering & Operation Workshop, Chattanooga, Tenn. (N) Mar. 31 37
APPA protests 'Give-Away' ad (N) Jan. 20 41
Aluminum Association elects officers (N) Mar. 10 99
American Power Conference report Apr. 28 .....*119
American Power Conference will highlight fuel saving (N) Feb. 24 118
American Public Power Association 15th annual convention June 2 .... *44
CIGRE 17th convention (N) June 16 44
Cooling Tower Institute elects officers (N) Feb. 17 112
EEI-AEIC Meter Committee and Service Committee meeting (N) Mar. 10 46
EEI Accident Prevention Committee urges 5 ways safety pays June 23 207
EEI convention in retrospect (Ed) June 23 77
EEI Equipment Committee meeting (N) Mar. 10 46
EEI farm aids booklet (N)..Apr. 21 104
EEI—Never thought I would live to see the day when the president of EEI would say....(Ed) Apr. 28 73
EEI plans all-electric push (N) Mar. 31 35
EEI plans office change (N) Apr. 7 64
EEI President Corette tells about new national sales promotion plan June 23 ..... *86
EEI program for electric living promotion will begin in 1959 (N) June 23 81
EEI Purchasing and Stores meeting June 9 59
EEI Sales Awards spark utility promotion results Apr. 14 ..... *95
EEI 23rd Semi-Annual Electric Power Survey (N) June 9-56 (table) June 23 155
EEI 24th Annual Sales Conference Apr. 14 ..... *53
EEI 26th annual convention—the next 21 years (charts) June 16 40
EEI 26th Annual Convention report—theme: 'Power is Our Business' June 23 .....*35-100
EEI T&D Committee meeting—Betterworth, T. A. cites economies, June 30 57
Electrical World's Third Electric Space Heating and Heat Pump Conference June 30 ..... *41
MVEA annual Industrial and Commercial Sales Conference (N) Mar. 17 ..... *65
Missouri Valley Electric Association engineering conference hears Sanford, Kennedy, May 19 ..... *92
NAHB Chicago convention gets electric heat pitch Feb. 10 ..... *72
NELP annual Engineering & Operation Section meeting June 2 ..... *58
NEMA enlarges fan contest (N) Feb. 24 88
NEMA lines up with optimists (chart & tables) Jan. 13 103
NEMA plans issuing wire and cable handbooks (N) Jan. 20 96

(Ed) Editorial. *Illustrated. (N) News. (R) Reference Sheet.

National Rural Electric Cooperative Association annual meeting Feb. 24 ..... *68
PEA Industrial Sales Conference (N) June 9 ..... *124
PEA Meter Committee discusses random sampling May 26 112
PEA System Planning Committee meeting (N) June 23 84
PEA Systems Operation meeting (N) Mar. 24 74
PEA Transmission & Distribution Committee meeting discusses serving heat load May 26 110
Pacific Coast Electrical Association's Engineering & Operating meeting Apr. 28 ..... *91
Public Utility Buyers' Group mid-winter conference (N) Mar. 3 ..... *64
Right of Way Meeting sponsored by EW in Chicago Mar. 24 ..... *71
SEE Engineering & Operating Section—speaker cites 'most promising' reactor June 16 ..... *55
SEE quarter-century anniversary meeting May 5 ..... *102
Southwest Electric Conference cites energy prospect in fusion Apr. 21 ..... *112

Atomic Energy (see Nuclear Power)

Atomic Energy Commission
Argonne reactor gives 1,250-kw dividend (N) Jan. 13 47
A-plant site requirement under study; proposed indemnity changes studied (N) May 26 48
Federal atom role checked (N) May 19 ..... *69
How AEC licensing is evolving in today's experimental stage (N) Apr. 28 ..... *74
McCone, John A. tabbed as next chief (N) June 16 ..... *42
Nears first fusion goal (N) May 12 54
Power consumption at major AEC installations (N) (table) June 30 38
Reports on insurance proposals for operators (N) Apr. 21 50
Splits regulatory and non-regulatory functions (N) Jan. 13 47
Switch in policy may be next (N) Feb. 17 65

Awards
Annual report awards conferred (N) June 23 ..... *81
Chance, A. B. Co. establishes earth-anchor award (N) May 19 107
Coffin Award—which of these four companies will win? (N) Feb. 17 68
Duquesne Light receives Coffin Award (N) June 16 ..... *42
EEI Sales Awards spark utility promotion results Apr. 14 ..... *95
PEA Power Sales Award to Jay D. Aldridge of Duquesne Light Co. (N) June 9 ..... *124
Rogers, Alex wins '57 Power Generation Pool (N) Jan. 27 ..... *83
Sangamo honors George A. Rumsey with citation (N) Feb. 17 ..... *116

B

Batteries
Exide batteries operate at eight nuclear projects (N) Jan. 13 112
Low temperature cuts battery output (chart) May 26 54

Boilers
Analysis of boiler feed pump drives needed (Ed) Mar. 31 31
Babcock & Wilcox 'char' boilers operated by Ohio Power (N) Apr. 21 80
Babcock & Wilcox ships large drum to Japan (N) Mar. 24 ..... *87
British Central Electricity Authority buys 550-Mw boiler (N) Feb. 24-72 Mar. 17 ..... *79
De Laval prepares boiler feed pumps (N) Apr. 21 ..... *76
Delayed coke cuts generation fuel costs in specially designed unit at Vepco's Yorktown, J. M. McGurn, Jan. 13 ..... *64
Fog applicator finds air leaks in boilers at Wisconsin Electric Power Mar. 3 97
Public Service Co. of Indiana expects better boiler efficiencies with new precipitator. J. J. Trainor, Apr. 21 *60

Bonneville Power Administration
Coil failure downs generator unit No. 10 at Bonneville Dam (N) Jan. 27 54
Low water flow plagues interruptibles (N) Jan. 20 49
"No takers" for additional load (N) Feb. 17 63
Preference asked for Oregon (N) Jan. 20 50
Stream flow on the rise (N) Feb. 3 61

Bureau of Reclamation (see Reclamation Bureau)

Buses
New auxiliary scheme for large units avoids load shedding. J. C. Woods, Apr. 21 ..... *62
New Ohio Valley aluminum complex puts ½ million kva on aluminum buses. Lawrence Pavane, June 2 ..... *46

Bushings
Canvas cover protects bushings June 9 ..... *76
Dimensional standards for bushings—an accomplishment (ED) Mar. 17 59
45 year old bushings pass today's tests (N) June 3 66
Hv bushing insulation is checked hot by Seattle City Light June 9 ..... *74

C

Cables
Cap designed to ventilate cable riser at pole (N) June 9 80
Coaxial feed cuts induction heater losses, interference at Hughes Aircraft Feb. 3 90
Cope, T. J. Div. lists cable supporting systems (N) Mar. 24 87
Electric heating cable beats time and weather problems at Jacklin Seed Co. T. W. Beadle, Apr. 21 ..... *106
Electric heating cable ends cold-weather work slowdowns at Industrial Sugars, Inc. (N) Feb. 10 74
G&E develops stop joints for 200 Psi pressure (N) Feb. 24 108
Hot-line tapping chamber may solve your aerial cable problems Mar. 17 ..... *72
How Detroit Edison made an easy river cable crossing Mar. 17 ..... *74
How to boost current ratings in poor soil—AIEE Winter General Meeting report Mar. 3 ..... *75
Humble Oil and Refinery Co.'s Baytown, Tex. refinery distribution problem solved: open wire replaced by aerial cables. M. L. Watts, May 12 ..... *59
Lead stripper cuts salvage time 90%. W. E. Smith, Mar. 10 ..... *66
NEPCO process provides long cable life (N) Mar. 24 88
Okonite Co. readies cable for N. Y. Power Authority's Lake Champlain crossing (N) June 9 ..... *80
Okonite Co. sample 345-kv cable planned for test in '58 (N) Apr. 14 76
Okonite Co. to supply 138-kv cable to Los Angeles (N) Jan. 13 110
Okonite Co. uses lead thickness gage in production of lead-sheathed cable (N) Feb. 10 ..... *106
Okonite Okocord carries power to "River Queen", a large power shovel (N) Jan. 20 94
115-kv cable to cross Lake Champlain as adjunct of St. Lawrence Power Project. R. E. Moran, (map) Mar. 24 ..... *75
Phelps Dodge 230-kv cable system installed at Huntley Station (N) Feb. 3 114
Roebling, John A. Sons Corp. facility increased for paper-insulated cable (N) Mar. 17 79
Swing to aluminum for service cable Lucal & Pfister May 19 ..... *72
Trade names listed (N) June 30 63
Ventilated riser cap ups cable ratings June 9 ..... *74

Canada
British Columbia Power Comm.'s Georgia Generating Station—Canadians roll gas-turbine plant. J. C. Harvey, Feb. 17 ..... *69
Canadian construction and expenditures (tables) Jan. 27 96

Capacitors
C-D introduces 100-kvar capacitor (N) Feb. 3 ..... *113
Capacitor kvar increased to 45 million during 1957 (N) Jan. 20 96
Capacity additions reported to FPC (tables) Jan. 20-49, Feb. 24-118, Apr. 21 100
Find voltage rise provided by capacitors. D. E. Haasch, (R) Jan. 27 138
Mobile coupling capacitor facilitates radio interference testing at Leadville, Colo. project (N) Feb. 24 ..... *84
Sangamo producing Secovars in volume (N) Apr. 7 ..... *95

Capacity Additions
Can old units meet new peaks? (Ed) June 2 39
Capacity additions reported to Electrical World—Kw (tables) Jan. 27 119
Changes in installed generating capacity—Mw (Nameplate) (tables) Jan. 27 117
Generating capacity by ownership—Mw (tables) Jan. 27 103
Installed capacity by type of prime mover—Mw (tables) Jan. 27 103
Number and installed capacity of electric utility generating plants by states and type of prime mover—Kw (tables) Jan. 27 118
Peaking units recommended to PEA group (N) June 23 84
Tucson Gas, Electric Light & Power Co.—capacity hits 100,000 Mw (N) May 26 ..... *49
U. S. capacity will hit 410-million Kw in 1975 (charts) Mar. 10 52

Circuit Breakers
Consolidated Edison air breakers for 138 kv and 13.8 kv pace load growth. T. D. Reimers, Feb. 24 ..... *74
GE breaker interrupts nearly 14-million kva (N) Jan. 13 ..... *109
GE develops high-capacity breakers (N) May 26 71
Memphis Light, Gas & Water Div. receiving 161-kv 15-million kva breaker (N) Apr. 28 107
Now you can cut time and costs of transporting 138-kv breakers. J. R. Kroeger, May 5 ..... *54
R&IE adds rating, remote indication to MB2 recloser (N) Mar. 24 88
R&IE readies 46-kv, 2-cy reclosers (N) Feb. 17 ..... *112
R&IE recloser adds adjustable pickup, trips (N) Mar. 17 83
Recloser facility readily mounted on pole structure (N) June 16 ..... *66

Communications
Baltimore G&E tripping scheme by microwave gives high-speed transformer protection. E. A. Cockney, Mar. 10 49
Conductive paint halts TV interference. P. A. Bullock, May 12 66
GE radio systems' unit may reduce interference (N) June 9 82
GE transistorizes carrier current and radio units (N) Apr. 21 80
Indiana and Michigan Electric Co. gets second microwave system (N) Apr. 14 76
Indiana & Michigan Electric Co. plans microwave to meet growth. W. R. Roy, Jan. 6 ..... *51
National Committee for Utilities Radio protests proposed radio ruling (N) May 5 115
Sound power phones ease out-of-sight jobs June 9 ..... *76
Telemetering integrates control Larson & Brown Jan. 20 62

Condensers
Allis-Chalmers ships 200,000-sq. ft. condenser (N) Mar. 2 ..... *126
Allis-Chalmers synchronous condenser controls voltage fluctuations at arc furnace (N) Feb. 24 ..... *110
Westinghouse condenser to carry 137.5 Mw turbine-generator unit for Jersey Central P&L (N) Mar. 10 ..... *98

Conductors
Adjustable aluminum clamp safely grounds conductors at Carolina P&L Mar. 24 ..... *78
Alumoweld wire ready for market (N) May 12 82
Conductor sizes for grounding equipment and buses. A. H. Thiermann Jr., (R) Mar. 10 70
Measure short circuit forces on spacers. A. L. Malmstrom, June 30 ..... *45
Weld aluminum conductors by new method Mar. 31 ..... *66

Connectors
Armour Research Foundation tests point to aluminum connectors standards. Sanford & Fisher, Mar. 31 ..... *38
Royal Electric Mfg. Co. mobile display (N) May 26 ..... *74

Construction
Aluminum substation raised in 6 hours for Consumer Power Co. June 30 ..... *51
Anchor clips hold transformer rails firmly Mar. 10 ..... *68
Construction—thousands of dollars and % total U. S. (charts & tables) Jan. 27 87
Cutter mounted on crawler tractor clears right-of-way for Community Public Service Co. Mar. 24 ..... *78
Construction expenditures (tables) Jan. 27 88
Construction rises—projects in '58 (N) Mar. 17 103
Equipped small screws effective at Public Service Co. of Ind. G. W. Peak, May 12 ..... *67
Florida P&L new rig speeds ground-rod driving. H. L. Allen, Feb. 24 ..... *78
Gulf States Utilities Co. changed pole structures take double circuit 138-kv line, May 5 ..... *52

(Ed) Editorial. *Illustrated. (N) News. (R) Reference Sheet.

Housing—report on electrical business outlook (charts) May 19 131
How Detroit Edison made an easy river cable crossing: Mar. 17..... *74
Indianapolis P&L Co.'s boom and platform speed jobs May 5..... *70
Iowa P&L special rig places crushed stone backfill Apr. 28..... *98
New Jersey P&L plow speeds line over rough terrain. V. J. Reilly, Feb. 17 ..... *82
Sighting method is best for sagging big ACSR. P. C. Evans, June 2.... *52
Three utilities build new substations —report May 19.....*73-79
Wisconsin Electric Power—attractive stations have lower-cost LV side. R. A. Switzer, May 19..... *76
Public Service Co. of Indiana—factory-packaged substation feeds suburban load. Hedges & Trainor, May 19 ..... *78
Utility construction boom forges ahead (N) Mar. 24..... 74
Vepco fittings ease field work. R. L. Walker Jr., Feb. 17..... *85

Controls

Annunciator system uses plug-in elements Apr. 21..... *62
Central Illinois PS Meredosia plant's output boosted by new controls May 26 ..... *52
Cheap speed control possible by varying the motor terminal voltage. D. W. Huszagh (charts) Mar. 24... 77
Frequency drift indicator provides frequency deviation at Consolidated Edison of N. Y. Joseph Cowan, Jan. 13 ..... *76
Improve pilot-wire relaying with modified audio tone. G. W. Fox, May 5 ..... *58
Indiana & Michigan Electric Co. plans microwave to meet growth. W. R. Roy, Jan. 6..... *51
Magnetic drive shipments are started to South Carolina G&E (N) Apr. 28 .....*105
NSB sidesteps carrier trouble. LaTourette & Dols, Feb. 10..... *51
Niagara Mohawk's Western Div. operation proves design of new load control system (charts) Feb. 3.... 72
Radio-controlled double chute cuts coal stocking time at TVA Johnsonville Plant Apr. 14..... *70
Telemetering integrates control. Larson & Brown, Jan. 20..... 62
Torque selector control reduces drill breakage at Merit Specialties Co. plant. W. F. Doherty, May 26..... *96

Cooling Towers

Tower supplements river cooling at Shawville Station of Pennsylvania Electric. H. J. Nickel, Feb. 17.... *73

Cooperatives (see also Rural Electrification Administration)

Agreement signed by North Carolina States Utilities Comm. and REA to smooth boundary line changes dispute (N) Jan. 20..... 50
Central Electric Power Co-op of Jefferson City, Mo. $11.3-million loan approved (N) Feb. 3..... 61
Corn Belt Cooperative's board under fire (N) June 2..... 41
Hoosier Cooperative Energy Inc. alters plan for Indiana power plant (N) June 23 80
Hoosier Cooperative Energy Inc. loan stirs comment (N) Jan. 13..... 45
Indiana REMC files suit on loan ruling requiring prior PSC approval (N) Apr. 28 76
Indiana service ban, Kansas accord draw industry interest (N) May 26 51
More than five million consumers are receiving electric service as result of loans approved by REA (N) Apr. 21 49
President Eisenhower urges co-op spending of $740 million in loans (N) Mar. 31..... 36
Wisconsin Electric Cooperative—Mrs. Andrew Dahl, member of board of directors (N) Jan. 6..... 42

Corporate Changes

Aluminum Co. of America purchases transformer division of Automation Instruments, Inc. (N) May 12..... 91
Iowa P&L and Iowa-Illinois G&E study possible merger (N) May 26.. 49
Proposed merger of Southern Utah Power Co. with California-Pacific Utilities Co. (N) Jan. 20..... 48
Taylor-Winfield Corp. acquires lines formerly built by Struthers-Wells Corp. (N) Jan. 13..... 112
Washington Water Power Co. and Spokane Natural Gas Co. merger pending (N) Feb. 17..... 68

Corrosion

Graded arrester gap design solves contamination problem. Eason & Carpenter, Feb. 24..... *83
Humble Oil and Refinery Co.'s Baytown, Tex. refinery eases congestion, corrosion as open wire is replaced by aerial cable. M. L. Watts, May 12 59

D

Diesel Power

Transportable 6-Mw Diesel electric plant recommended for peaking at PEA meeting (N) June 23..... 84

Distribution

Bettersworth, T. A. cites economies for EEI T&D group, June 30..... 57
Bundling saves $500 for 3-phase bank at Alabama Power Co. Gayle Riley, Mar. 3 ..... *89
Can you afford old transformers? A. B. Coyle, April 51..... *68
Central Illinois PS makes transformer pole safer with flexible tubing. H. N. Diller, Feb. 3..... *74
Commonwealth Edison schedule shows how to improve your network load metering. Galassini & Pensky, Feb. 3 ..... *70
Connecticut Power Co. saves time in power-line maintenance with formica hoods (N) Feb. 3.....*114
Cougnard deionizers—state initial results are inconclusive, Mar. 17..... 66
Cutter provides edge for sidewalk finishing. R. K. Woodson, Feb. 3.. *75
Disconnect switch installations—2.4 to 12.4 kv (R) May 5..... *74
Electric heating and system demand—Iowa experiment. Altman Jr. & Charity, (table) Mar. 31..... 46
Equipped small crews effective at Public Service Co. of Ind. G. W. Peak, May 13..... *67
Florida P&L new rig speeds ground-rod driving. H. L. Allen, Feb. 24.... *78
Graded arrester gap design solves contamination problem. Eason & Carpenter, Feb. 24..... *83
High-use homes: what distribution will they need? L. M. Olmsted (report) (charts & tables) June 9 ...*61-72
Service voltage boost urged for all-electric homes, R. F. Lawrence, D. K. Blake, A. S. Anderson, June 9 62
System design stressed for serving electrically-heated homes. W. H. Johnson, June 9..... 66
What three companies have to serve new residential loads. R. M. Ziegler, H. B. Friedrich, June 9..... 70
Hot-line tapping chamber may solve your aerial cable problems, May 17 ..*72
Hot-stick arrangement proves time saver. E. E. Elwood, Jan. 27.....*134
How to lift hot lines for house-moving job. Apr. 7..... *82
Iowa P&L portable units economical for feeder checks. J. N. Vines, Feb. 10 ..... *60
Is higher voltage safe?—AIEE Winter General Meeting report, Mar. 3 *71
Let's use the rainy days to modernize (Ed) May 26..... 47
Lightning arresters — new design creates three improvements. P. M. Ross, Jan. 20..... *66
Louisiana P&L telescoping hot stick cuts climbing, saves time. A. E. Haak, Feb. 3..... 80
100-kva trailer eases distribution problems. Furth & Newsom, May 12 ..... *80
Operating underground wye-delta banks. J. A. Selvaggi (R) Apr. 21 *72
Plastic shields for insulators stop flashovers. C. M. Wagner, Mar. 10.. *61
Preformed Line Products Co. opens research lab to find better ways of cutting d. mage of wind vibration (N) Feb. 17..... *67
Rope cradles better line stringing safety. B. E. Burnette, May 19.... *85
Service voltage needs research—240/416 and 265/460-V systems compared. A. S. Anderson, June 30.... 46
Silicon rectifiers solve dc problem on Boston Edison's network. Anderson & Corry Jr. (charts), May 5..... *49
Static discharge—four ways to avoid hazards. Frecker & Cowal, May 5.. 54
Step regulator design checked on analog computer. H. L. Prescott, May 5..... *56
Stirrup aids hot taps. Braden & Hunter, June 16..... *50
Swing to aluminum for service cable. Lucal & Pfister, May 13..... *72
Telescoping rod eases hot-line work. O. B. Hayden, Apr. 28.....*100
Test aluminum hardware in coastal air at Hawaiian Electric Co. (N) May 19..... *72
Transformer costs or losses—either can be cut, but users must agree. J. B. Hodtum (charts & tables) Jan. 6..... 47
Transmission and distribution construction (tables) Jan. 27..... 92
Transmission and distribution expenditures (tables) Jan. 27..... 90
Tree-trimming costs reduced at Louisiana P&L. C. C. Crockett, June 2.. *56
U. S. capacity will hit 410-million kw in 1975 (charts) Mar. 10..... 52
Vepco fittings ease field work. R. L. Walker Jr., Feb. 17..... *85
Virginia Electric & Power joins aluminum to copper reliably with transition joints. W. E. Shafer, Feb. 3.. 78
Western Massachusetts Electric projects generation, transmission growth (map) Jan. 20..... 60
Wire holder holds service drop and loop for ease in splicing. Harry Battis, June 23.....*102

Distribution, Industrial

Dallas' Exchange Park project has 13.2-kv distribution. G. M. Bostock & others, Mar. 17..... *77
Distribution for shopping centers—report. F. J. Kovalcik, Apr. 7..*69-78
Chicago varies supply schemes for large loads. W. R. Zimmerman, Apr. 7 ..... *70
Detroit Edison uses three methods. W. E. Groves, Apr. 7..... *73
Vepco prefers overhead. R. C. Daffron, Apr. 7..... *75
LILCo. serves 12,000-kva. load underground. R. M. Grogan, Apr. 7.. *77
Duquesne Light Co. troubleman nips a traffic jam (N) Mar. 10..... *43
Flexible distribution ends relocation problems at Graphic Arts Finishing Co., Baltimore, Md. Lou Robl, May 12.....*106
Humble Oil and Refinery Co.'s Baytown, Tex., refinery distribution problem solved: open wire replaced by aerial cable. M. L. Watts, May 12.... *59
Industrial: new formulas for voltage drop—AIEE Winter General Meeting, Mar 3..... 82
New Ohio Valley aluminum complex puts ½ million kva. on aluminum buses. Lawrence Pavane, June 2.. *46
Quaker Oats revamping strives for safety and economy. W. H. Proescholdt, Jan. 13..... *61
Simple radials can be reliable and economic—if . . . E. J. Bartley & others, Feb. 17..... *78

E

Employee Training and Welfare (see also Labor)

'Bonuses for brainwork' pay off for Dayton Power & Light, June 23.. *195
Busy bargaining year ahead for utilities (N) Mar. 10..... 43
Connecticut Valley Power Exchange selects, trains operators. R. N. Toutz, June 16..... *45
Chance Co. films show use of hot-line tools (N) Feb. 17..... 114
East Weymouth, Mass. substation model aids training, operations, Feb. 3..... *75
Federal Pacific Electric graduates six industrial specialists (N) June 2.. 69
How to train an engineer's right-hand man in 16 weeks. E. W. Love, Feb. 10..... *54
Leeds & Northrup develops instrument panel to train customer (N) June 16 64
Make employees wear those safety glasses. G. J. Ruoff, May 12..... *58
Report on training programs, Mar. 10 101
Rx for a healthy old age. S. M. Jordan, M.D., June 23..... *94

Engineers

AIEE Winter General meeting told schoolmen need U. S. subsidy (N) Feb. 17..... *62
Engineers easier to find in '57 (chart) Jan. 6..... 93
Hickernell, L. F. looks at AIEE (N) Feb. 17..... *64

The future supply of oil and gas (Ed) Apr. 14 ... 49
King Coal becomes King (Ed) Feb. 10 ... 39
'Let's make history instead of simply recording it . . .' (Ed) May 12 ... 51
Production, capacity, average use (tables) Jan. 27 ... 105
Report on fuel outlook (charts) I May 26-101, II June 2-83, III June 9 105
Wanted: new uses for coal (N) Jan. 27 ... 84

G

Generators

Foster Wheeler has order for 2nd Mercer steam unit (N) June 9 ... 80
Great Britain's CEA probes explosion at Uskmouth (N) June 2 ... *49
Ground-fault neutralizers used at New England Power Service Co.'s Salem Harbor Station. Erickson & Stantial, June 30 ... *50
Mobile generator avoids 3-day outage at Commonwealth Edison Co., Mar. 17 ... *76
Pump storage units to fit system conditions. H. H. Roth, May 12 ... *72
Slot discharge detector cuts repair costs. C. A. Duke, June 16 ... *50
Union Electric's Meramec Station to have second F-W unit (N) Mar. 10. 99

Great Britain

CEA probes explosion at Uskmouth (N) June 2 ... *49
New company formed to administer contract for Hinkley Point station (N) May 19 ... 107
Reactor development will keep stress on gas-cooled units (N) Apr. 14 ... 52
Reheat boiler unit of 550-Mw capacity ordered (N) Feb. 24—72, Mar. 17 ... *79
Seventh Annual Exhibition rated huge success (N) May 19 ... 106
Ten years later: Britain decentralizes control of power-supply industry. J. H. M. Syke, Jan. 27 ... 82

Grounding

Adjustable aluminum clamp safely grounds conductors at Carolina P&L, Mar. 24 ... *78
Avoid trouble by checking grounds of power tools. T. E. Peay, May 12 ... *64
Conductor sizes for grounding equipment and buses. A. H. Thiermann Jr. (R) Mar. 10 ... 70
Florida P&L new rig speeds ground-rod driving. H. L. Allen, Feb. 24 ... *78
Ground-fault neutralizers used at New England Power Service Co.'s Salem Harbor Station. Erickson & Stantial, June 30 ... *50
Grounding chain-link fence and gate (R) Mar. 24 ... *84

H

Heat Pumps

The accent is on heat pump (N) Mar. 2 ... *102
Electric heating and the "kilowatt-hour barrier" (Ed) June 30 ... 35
Electrical World's Third Electric Space Heating and Heat Pump Conference, June 30 ... *41
Heat pumps assure plastic product quality at Campro Company, Apr. 14 ... *96
Heat pump + "hydroponics" = grass in 6 days, May 12 ... *108
Maryland drive-in-movie installs five heat pumps. A. C. Crawford, Feb. 3. 86
Packaged heat pumps eliminates metal marring headache at Emmert Mfg. Co. E. R. Bachtell Jr., May 12 ... *106
Vepco lures heat pump dealers with $100 subsidy (N) June 16 ... 84

Heating

Ebasco holds heating school (N) Mar. 10 ... *74
Electrical World electric heat meeting slated for June 5-6 (N) May 19 ... *122
MVEA spotlight: electric heat (N) Mar. 17 ... *65

Heating, Commercial

Detroit Edison holds another electric heating symposium (N) Jan. 27 ... 144
Electrical World's Third Electric Space Heating and Heat Pump Conference, June 30 ... *41
SMUD tests prove electric cooking results in little, if any, tarnish to silverware (N) Apr. 21 ... 104
University Park Church puts electric heat in its new building additions (N) Feb. 24 ... 88
Westover School, Conn. gives electric kitchen a facelifting (N) June 23 ... *180

Heating, Industrial

Anneal glass tubes with electric heat. G. C. Wagner, Jan. 27 ... 148
Car-bottom furnace cuts stress-relief costs at Superior Combustion Industries, Jan. 20 ... *78
Commonwealth Edison's Waukegan station—special enclosure thaws coal cars, Feb. 17 ... *82
Dairy trucks' modern heating and cooling equipment. W. L. Streich, Feb. 10 ... *74
Diesel engine heaters save $5,000 per year at Chemstone Corp. S. E. Abell, June 2 ... *75
Electric heat boosts production efficiency at Atlas Precision Products. L. Albertson, Apr. 21 ... *106
Electric heat ends hot water shortage at Penn Dairies, Inc. Donald Groome, June 2 ... 75
Electric heat saves stack of $ for Portage Manley Sand Co. of Wis. C. E. Dopke, Jan. 13 ... *82
Electric heating cable beats time and weather problems at Jacklin Seed Co. T. W. Beadle, Apr 21 ... *106
Electric heating cable ends cold-weather work slowdowns at Industrial Sugars, Inc. (N) Feb. 10 ... 74
Electric oven finds high power factor rejects at Kuhlman Electric Co., Mar. 3 ... *104
Electrically heated solution speeds cleaning process at Fenestra, Inc. Y. L. Ripley, Apr. 7 ... *134
Heater combines comfort, economy at Washington Truck Sales (N) June 16 ... *86
Indianapolis P&L solves damp meter card problem with electric oven, Jan. 13 ... *72
Induction heater trims forging costs $75 per hour. R. L. Spencer, Feb. 17 *95
Infrared speeds finishing of concrete columns. R. G. Scott, June 9 ... *114
Kettle cuts expansion costs at Atlantic Refining Co., June 30 ... *78
Oven cuts drying time for glueing veneer on table tops and doors 95%. J. A. Harris, Apr. 28 ... *127
Portable infra-red heaters replace oil-fired units at St. Joseph Structural Steel. D. W. Runquist, June 30 ... *78
Strip heaters provide low-cost week-end heating at Braun Bros. Packing Co. G. H. Maier, Mar. 17 ... *100
Water immersion heaters speed cleaning of printing press plates. Harry Fisler, Jan. 6 ... *70

Heating, Residential

Electric heating and the "kilowatt-hour barrier" (Ed) June 30 ... 35
Electric heating and system demand. Altman Jr. & Charity (table) Mar. 21 ... 46
Electrical World's Third Electric Space Heating and Heat Pump Conference, June 30 ... *41
Iowa co-ops double electric heat homes (N) Jan. 20 ... 76
Need for speed to tell all-electric story (Ed) Apr. 21 ... 47
Never thought I would live to see the day when the president of EEI would say...(Ed) Apr. 28 ... 73
Washington Water Power Co. heat push outruns estimates by 365%. May 5 ... *90
Zinder Report—A lesson in unity: the Zinder Report (Ed) Mar. 24 ... 65
Zinder Report: what does it mean? (N) Mar. 24 ... *66

Hells Canyon

Idaho Power gets OK on financing (N) Mar. 21 ... 35
Strategic maneuver averts final death blow to Hells Canyon project (N) Feb. 10 ... 42

Hydro Stations (see also **Capacity Additions**)

Appalachian's Smith Mountain plan finds pumped storage to up kw output, Apr. 21 ... *54
Bonneville Dam generator unit No. 10 downed by coil failure (N) Jan. 27. 84
Cerro de Pasco Corp.—hydro power is tunneled through Peru's peaks, Jan. 6 ... *40
Chief Joseph transformers—Corps of Engineers, U. S. Army tells what happened (N) Mar. 17 ... 63
Cossa highlights hydro happenings—Alabama Power's groundbreaking for Weiss Dam (N) May 12 ... 52
Dalles Dam—nylon tarpaulin keeps winter out of powerhouse, Mar. 17 ... *74
Delaware L&P Indian River Power-Station to get two feed pumps (N) May 26 ... 74
FPC grants permit for 5,000-Kw Alaska project (N) Mar. 10 ... 44
Federal spending speeds up at Glen Canyon and other projects (N) Mar. 24 ... *70

(Ed) Editorial. *Illustrated. (N) News. (R) Reference Sheet.

Gas turbines peak hydro in Canada. J. G. Harvey, Feb. 17 ..... *69
High dam plan: PNP's answer to FPC (N) Apr. 14 ..... *51
Idaho Power construction—Big harness at Big Bend (N) Apr. 28 ..... *76

CEI receives aerial elbow from Holan (N) Mar. 31 ..... *69
Conveyor chute dust seal improved. Otto Molmen, Mar. 17 ..... *76
Conveyor cuts labor costs at transformer repair shop of Georgia Power. A. W. Shelhorse, Jan. 13 ... 72
Crane sets poles on inaccessible slope. H. Miller, Apr. 14 ..... *68
Double chute cuts coal stocking time at TVA Johnsonville plant, Apr. 14. *70
Free-swinging rig aids tower work, Apr. 7 ..... *82
Hand chain hoists cut maintenance labor at Hawaiian Electric, Jan. 20. *70
How to lift hot lines for house-moving job, Apr. 7 ..... *82
Indianapolis P&L Co.'s boom and platform speed jobs, May 5 ..... *70
Mechanical trailer kit developed by Tel-E-Lect Products (N) Feb. 17 .. 112
Mock-up leads the way on steel reactor vessel trip from Chattanooga, Tenn. to Monroe, Mich. (N) May 5. *115
Now you can cut time and costs of transporting 138-kv breakers. J. R. Kroeger, May 5 ..... *54
Purchasing agents view delivery problems (N) June 2 43
Quarry finds electric belt conveyor economical. J. A. Devereux, June 23. *184
Rome Cable bundles conduit, cuts handling costs 50% (N) Jan. 13 110
Simple tool installs wireholders quickly. R. L. Stearnes, Mar. 31 ..... *56
Simple tube protects fluorescent lamps during street-light maintenance. Van Kirk & Rickey, Apr. 7 86
Stephenson-Adams designs coal handling system (N) May 19 106
Strip-chart scanner cuts viewing time, Mar. 10 ..... *61

Metals

Aluminum looks to the future (chart) Jan. 20 87
Aluminum—U. S. production (N) Jan. 13—109, Mar. 10—99, Apr. 7—100, May 5—81, June 9 82
Copper outlook is for price upturn (N) Mar. 24 ..... *68
Copper strives for '58 stability (chart & table) Jan. 6 91
Kennecott doubles planned capacity at Baltimore, Md. refinery (N) Mar. 24 88
Ormet Corp. aluminum plant readied for full operation (N) June 2 ..... *66
U. S. copper production (N) Feb. 24 .. 110
Apr. 7 98
U. S. refined copper stock is largest since 1939 (N) June 2 69

Meters and Measuring

Ammeter speeds test of street light circuit. G. R. Roberts, May 26 ..... *54
Commonwealth Edison scheme shows how to improve your network load metering. Galassini & Pensky, Feb. 3 ..... *70
GE reports on 1-60 meters (N) Mar. 10 98
Hero is a way to reduce 480-v metering costs. T. B. Tucker, May 26 .... *52
How to cut time of reading demand charts, Apr. 7 86
Instrument transformers for metering, (R) May 19 ..... *88
Iowa P&L portable units economical for feeder checks. J. N. Vines, Feb. 10 ..... *60
Meter test stickers save $7,000 yearly at Alabama Power Co. J. E. Burney, Mar. 31 ..... *63
Microammeter covers wide frequency range, June 23 ..... *104
PEA Meter Committee discusses random sampling, May 26 112
Plastic protector prevents injury from broken meter canopies. R. O. Bushnell, Mar. 24 ..... *78
Portable set saves meter testers' time at Minnesota P&L. W. E. Christnagel, Apr. 28 ..... *98
Shunting device eases meter replacement, Jan. 6 ..... *56
Splicing meter charts, Mar. 31 63
Tesco test needs only one revolution of meter (N) Mar. 31 68
Texas Electric Service Co. board speeds polyphase meter tests. W. H. Farrington, Feb. 10 ..... *60
Utilities in 6 states adopt sample testing of meters; studies continue in 5 states (N) Mar. 10 46
Westinghouse builds bearingless instruments, June 20—*54 (N) *59

Microwaves (see Communications, Controls)

Models

East Weymouth, Mass. substation model aids training, operations, Feb. 3 ..... *75

Motors

Allis-Chalmers insulated motors are contaminant-sealed (N) Mar. 31 68
Baldwin Pole & Piling substitutes electric drive for diesel power on pole peeling machine. F. G. Sartin, Mar. 24 ..... *102
Cheap speed control possible by varying the motor terminal voltage. D. W. Huszagh (charts) Mar. 24 ... 77
Cut costs with simple tester for slide-wire motors. L. E. Shoemaker, May 12 ..... *64
Electric Machinery Mfg. introduces straight-up ventilated motor (N) Mar. 3 ..... *124
Elliott Co. lab permits studies, improvements in noise levels (N) Apr. 14 ..... *76
Elliott Co. ships large st motors (N) Jan. 27 ..... *185
General Motors develops peaking and reserve plant (N) May 26 71
Pump storage units to fit system conditions. H. H. Roth, May 12 ..... *72
Wisconsin co-op gets "straight-up" motor (N) Apr. 21 ..... *76

Municipal Systems

Los Angeles Dept. of Water & Power's Scattergood Steam Plant buried in sand, water flood (N) Mar. 3 ..... *68
Memphis Light, Gas & Water Div. receiving 161-kv 15-million kva breakers (N) Apr. 28 107
Tucson Gas, Electric Light & Power Co. capacity hits 100,000 Mw (N) May 26 ..... *49
Washington Water Power Co. and Spokane Natural Gas Co. merger pending (N) Feb. 17 68
Wyoming's taxation of 12 municipally-owned electric systems appealed (N) May 26 51

EEI 26th Annual Convention Report, June 23 ... *85-100
Success brings bigness A. G. DeLorenzo, June 23 ... *95
Public relations problems solved by private understanding S. R. Knapp, June 23 ... *96
Only plain, strong talk can disrupt countdown to oblivion, June 23 ... *98
GE forms service group for government relations (N) June 23 ... 177
How do you rate on storm PR? 'Good despite snafus' says press (N) Apr. 14 ... *50
Landscaped substations of Consolidated Edison Co. of N. Y. win suburban acceptance George Metz, Feb 3 ... *64
Let's be sensible about public relations! R. H. Sessions, Apr 21 ... *51
Report on junior achievement, June 30 ... 71
Report on public relations—"2,500 P. R. men" (a success story in many acts), Mar 31 ... *81
Spotlight on National Electrical Week—Feb. 9-15 (Ed) Feb. 3 ... 55
Texas power class keeps current with "Electrical World" (N) Jan. 13 ... *49
Utilities give education a lift (N) Mar. 10 ... *44
Wisconsin PS farm scholarships (N) Jan. 27 ... 140

Purchasing

Buyers get tips on cost cutting techniques—mid-winter conference of Public Utility Buyers' Group (N) Mar. 3 ... *64
EEI Purchasing and Stores' meeting—PA's swap cost cutting ideas, June 9 ... 59
Purchasing agents view delivery problems (N) June 2 ... 43

R

Radio (see Communications)

Rectifiers

Nine silicon rectifiers go to New England area from Ricardson-Allen Corp. (N) May 19 ... 104
Silicon rectifiers solve dc problem on Boston Edison's network Anderson & Corry Jr. (charts), May 5 ... *49

Regulation and Rates

Carolina P&L defends rates (N) Feb. 17 ... 68
Cost-of-service criteria upheld by U. S. Supreme Court (N) Mar. 31 ... 36
FPC turns down rates on power sold to TVA (N) June 9 ... 58
Federal rate rise foreseen (N) May 12 ... 114
Iowans favor hike in REA interest rate (N) Apr. 21 ... *49
Mississippi PSC rules Mississippi P&L serve new wood chip plant (N) Feb. 3 ... 61
Pacific G&E seeking review of case involving rates it charges Sierra Pacific Power Co. (N) Mar. 24 ... 68
Pacific P&L served with complaint alleging rate discrimination (N) Mar. 31 ... 37
Politics and recession: possible snags for utility rate hikes (N) (table) June 23 ... 78
Proposed coal rate cut by Southern Railway Co. stirs fight in Carolinas (N) June 30 ... 39
Rate hikes for Commonwealth Edison and Tampa Electric (N) June 30 ... 38
Report on rate of return (charts), May 5 ... 97
Report on rates and regulation (chart, tables, map), Feb. 24 ... 99
Report on rates and regulation (charts & table), June 16 ... 71
San Diego G&E files for rate increases (N) Jan. 20 ... 50
TVA distributors cut consumer rates (N) Feb. 17 ... 68

Relays

Baltimore G&E tripping scheme by microwave gives high-speed transformer protection. E. A. Cockey, Mar 10 ... 49
Federal Pacific to enter protective relay field (N) Apr. 21 ... *76
High-speed reclosing at 345 kv—AIEE Winter General Meeting report Mar. 3 ... 79
Idaho Power Co. phase-failure relay reliable. P. A. Oakes, June 30 ... *47
Illinois Institute of Technology's 1958 Relay Conference—relay problems bring engineers to campus talks May 26 ... *98
Improve pilot-wire relaying with modified audio tone. G. W. Fox, May 5 ... *58
Line relay protection simplified Ruben Zimering, Jan. 6 ... *53
Potomac Edison likes transistorized carrier relaying. E. E. Scheneman, Apr. 14 ... *57
Relaying is topic as Georgia Tech Protective Relaying Conference, June 16 ... *92
Relays bar collision damage on conveyor. L. Albertson Feb. 17 ... *95

Research

Allis-Chalmers and RCA team on fusion facility (N) Apr. 14 ... *52
Allis-Chalmers reports on recent developments (N) May 19 ... 107
Arizona computer study goes into second year, Feb. 17 ... *76
Automobiles—the 'electric' is coming back (N) Mar. 10 ... *42
Du Pont combines carbon, fluorine for high voltage (N) Apr. 28 ... 106
Eastman Kodak develops microfilm enlargement made on projection paper (N) Mar. 24 ... 87
Edison, Thomas A. Acoustical Research Laboratory dedicated (N) Mar. 3 ... *69
$5 million EHV research project charted by GE, June 9 ... *54
More research needed at higher voltages (Ed) May 26 ... 47
Preformed Line Products Co. opens new research center (N) Jan. 13 ... 110
Preformed Line Products Co. opens research lab to find better ways of cutting damage of wind vibration (N) Feb. 17 ... *67
Research is the responsibility of all (Ed) Feb. 3 ... 55
Service voltage needs research. A. S. Anderson, June 30 ... 46
Utility research lags, NELP told, June 2 ... *58
We can profit by reading Russian reports (Ed) Apr. 14 ... 49
Westinghouse developments reported, Apr. 28 ... 102

Right-of-Way

Change set on relocation cost (N) Mar. 17 ... 61
Coordinated efforts will ease R/W problems (Ed) Mar. 3 ... 63
Cover diagram included in brush control service (N) Apr. 7 ... 100
Cutter mounted on crawler tractor clears right-of-way for Community Public Service Co., Mar. 24 ... *78
Detroit Edison Co. securing some rights-of-way by mail R. E. Brehmer, June 30 ... *40

Need for speed to tell all-electric story (Ed) Apr. 21 47
Never thought I would live to see the day when the president of EEI would say . . . (Ed) Apr. 28..... 73
1958 Appliance and Home Show opens doors to public for first time in history, Feb. 10 ..... *70
PEA Industrial Sales Conference (N) June 9 ..... *124
Royal Electric Mfg.—connectors, switch go on mobile display (N) May 26 ..... *74
Sales promotion 'normal' despite dip (N) May 5 ..... *44
SMUD promotes electric ranges for sixth year (N) June 2 70
SMUD tests prove electric cooking results in little, if any, tarnish to silverware (N) Apr. 21..... 104
Southern State puts display on road (N) June 16 69
Spotlight on National Electrical Week Feb. 9-15 (Ed) Feb 3..... 55
Square D mobile showrooms go on area tours (N) June 30..... *59
Sustained effort is needed to attain the industry's 1979 goals. R. J. Cordiner, June 23 ..... *88
TECO campaign awards four ranges (N) June 2 70
$2.5 million a year to push all-electric living (Ed) Apr. 7..... 61
U. S. Steel appliance-boosting film "Practical Dreamer" (N) Feb. 3.. *84
Vepco lures heat pump dealers with $100 subsidy (N) June 16..... 84
Washington Water Power Co. heat push outruns estimates by 365%, May 5 ..... *90
We agree—women are very important! (Ed) Apr. 28 73
West Penn's WHALE deal provides funds for empolyee cash purchases for wiring, appliances and other electrical needs (N) Mar. 24..... 100
Westinghouse film to boost Housepower—"A Family Affair" (N) Jan. 20 ..... *72
Westinghouse 'live' "Power-Up" show premieres in St. Louis (N) Apr. 7.. *65
Westinghouse's Power Supplier Conference—4H'ers look for new electrical ideas, Jan. 6 ..... *43
Wisconsin P&L lines up promotion on humidity control (N) Mar. 17..... 98
Zinder Report—A lesson in unity: the Zinder Report (Ed) Mar. 24..... 65
Zinder Report: what does it mean? (N) Mar. 24 ..... *66

Solar Energy

MIT solar-heated house designed for cloudless living, Apr. 7..... *131
Time's ripe for solar energy (N) Mar. 10 48

Southeastern Power Administration

FPC turns down rates on power sold to TVA (N) June 9..... 58

Standardization

ASA reports on standards, June 23.. 108
American Standards published or in process (N) Mar. 17..... 83
Armour Research Foundation tests point to aluminum connector standards Sanford & Fisher, Mar. 31.... *38
Detroit Edison's standardized wire-marking system uses tape markers, June 30 ..... *56
Dimensional standards for bushings an accomplishment (Ed) Mar. 17.. 59
Needed: a decision on higher service voltage (Ed) June 9..... 53
Nine standards published on electrical definitions (N) Jan. 13..... 109
Teflon name changes meet SPI standards (N) Apr. 14..... 78

Statistics

Appliances R. W. Armstrong (tables) Jan. 27 114
Average use (tables) Jan. 27..... 98
Budget—1958 budget tops $5.2 billion —up 10.5% (charts & table) Jan. 27 86
Capacity—changes in installed generating capacity — Mw (Nameplate) (tables) Jan. 27 117
Capacity—generating capacity by ownership—Mw (tables) Jan. 27..... 103
Capacity—installed capacity by type of prime mover—Mw (tables) Jan. 27 103
Capacity—number and installed capacity of electric utility generating plants by states and type of prime mover—Kw (tables) Jan. 27..... 118
Capacity additions reported to Electrical World—Kw (tables) Jan. 27.... 119
Construction expenditures (tables) Jan. 27 88
Construction—thousands of dollars and % total U. S. (charts & tables) Jan. 27 87
Customers (tables) Jan. 27..... 100
EEI 23rd Semi-Annual Electric Power survey (N) June 9-56 (table) June 23 155
EEI 26th annual convention—the next 21 years: EEI sees gigantic utility expansion (charts) June 16..... 40
Electrical industry statistics—54th annual report on the electrical industry (charts & tables) Jan. 27.....85-132
Energy production (tables) Jan. 27.. 102
'58 producton takes a mild dip (chart) Jan. 13 101
Fuel—consumption of coal, oil and gas (tables) Jan. 27 105
Fuel—energy generated from fuel (chart) Jan. 27 104
Fuel—production, capacity, average use (tables) Jan. 27..... 105
Maintenance expenditures (chart & tables) Jan. 27 95
Manufacturing (charts & tables) Jan. 27 110
NEMA lines up with optimists (chart & tables) Jan. 13 103
NLB statistics (N) May 26..... 94
1958: less gloom but no boom (chart & tables) Feb. 17 109
Report on electrical business outlook (charts & table) Mar. 17-111, Apr. 21-65, May 19-131, June 23..... 187
Revenue (tables) Jan. 27..... 100
Revenues, security sales and utility plant score new highs (charts & tables) Jan. 27 106
REA-financed systems (tables) Jan. 27 109
Sales (tables) Jan. 27..... 98
Shipments, orders and open manufacturing capacity for electrical equipment, 1957-1961 (table) June 23 155
Station economics (chart & tables) Jan. 27 104
3rd annual nuclear power report. J. J. Kearney (tables) Apr. 28.....*77-88
Transmission and distribution construction (tables) Jan. 27..... 92
Transmission and distribution expenditures (tables) Jan. 27..... 90
U. S. rubber consumption nears high mark (N) Feb. 24 110

Steam Stations (see also **Capacity Additions**)

Arizona agreements pay off—Arizona PS Co. and Salt River Power District (N) (map) June 23..... *82
CEI Eastlake station—pipeline slurry worry nearly over (N) May 5..... *46

(Ed) Editorial. *Illustrated. (N) News. (R) Reference Sheet.

Commonwealth Edison Co. puts 305-Mw unit on line at Waukegan power plant (N) June 30 ..... *39
Comparison of conventional and nuclear plants shows differences (table), May 12 62
Great Britain's CEA probes explosion at Uskmouth (N) June 2 ..... *49
How Dayton P&L modernized Tait Station (N) Mar. 10 ..... *46
Kyger Creek Station — blower-tube scraper saves time and money, C. F. Yonkers, Apr. 7 ..... *86
Los Angeles Dept. of Water & Power's Scattergood Steam Plant buried in sand, water flood (N) Mar. 3 ..... *68
Negotiations between co-ops and private companies in Arkansas for 100-Mw plant break down (N) Feb. 17 .. 68
Niagara Mohawk Power Corp. Huntley Station—steam turbine returns to drive BF pumps, replacing motors, R. P. Moore, Mar. 17 ..... *68
North Pacific Consultants to design Arctic steam electric plant (N) Jan. 13 112
Pennsylvania Electric's Shawville Station—tower supplements river cooling, H. J. Nickel, Feb. 17 ..... *73
Philo 6 completes year's operation, T. T. Frankenberg & others (charts & tables), Mar. 31 41
Public Service Electric & Gas Co.'s Mercer plant construction (N) June 29 ..... *39
Roslyn-Cle Elum area, Wash., may get steam plant (N) June 9 58
Spain—Eacombreras plant's 'windowless' wall captures U. S. interest (N) Apr. 21 ..... *50
Turbines gain as BF-pump drives for large units but motors still hold the lead, L. M. Olmsted, Mar. 17 ..... *68
Two utilities and a construction company considering building power plant in Four Corners area of New Mexico (N) Jan. 13 48
Union Electric's Meramec Station to have second F-W unit (N) Mar. 10. 99
U. S. capacity will hit 410-million kw in 1975 (charts) Mar. 10 52
Utilities swing to big steam units (table) Jan. 27 130
What's the best way to compare power plants? (Ed) May 19 65

Storms

Big freeze ups power output (N) Feb. 24 ..... *62
Detroit Edison readies for storm disaster, Apr. 21 ..... *58
How do you rate on storm PR? 'Good despite snafus' says press (N) Apr. 14 ..... *50
Industry pitches in to fight rugged Northeast storm (N) Mar. 31 ..... *32
Northern States Power Co. and Kansas G&E rebound from big blows (N) June 23 ..... *80

Substations

Aluminum substation raised in 6 hours for Consumer Power Co., June 30 ... *51
Anchor clips hold transformer rails firmly, Mar. 10 ..... *68
Better power plants grow out of indoor-outdoor controversy (N) Mar. 10 ... 45
Bi-monthly substation inspection check-list (R) Jan. 13 79
Community PS Co. of Texas City, Tex. gets big mobile substation (N) Feb. 10 ..... *107
Consolidated Edison air breakers for 138 kv and 13.8 kv pace load growth, T. D. Reimers, Feb. 24 ..... *74
Erratic tests traced to faulty terminals, M. L. Ferguson, Jan. 13 ..... *68
GE's mobile substation, with aluminum components, shipped to Tampa Electric Co. (N) Mar. 24 88
Grounding chain-link fence and gate (R) Mar. 24 ..... *84
Impedance sets transformer cost, Rabins & Wheelock (charts & table) Feb. 3 ..... *67
Indanapolis P&L Co.'s boom and platform speed jobs, May 5 ..... *70
Landscaped substations of Consolidated Edison Co. of N. Y. win suburban acceptance, George Metz, Feb. 3 .... *64
Large trailer substation meets highway regulations (N) Apr. 14 76
Model substation of East Weymouth, Mass., station aids training, operations, Feb. 3 ..... *75
NSB sidesteps carrier trouble, LaTourette & Dols, Feb. 10 ..... *51
Pennsylvania Transformer builds 15,000 kva transmobile (N) May 5 81
Potential device transistorized—AIEE Winter General Meeting report, Mar. 3 77
Prefabricated aluminum substation developed by Kaiser (N) Apr. 28 ... 102
Three utilities build new substations —report, May 19 ..... *73-79
Quebec-Hydro goes underground, May 19 ..... *73
Wisconsin Electric Power — attractive stations have lower-cost LV side, R. A. Switzer, May 19 ..... *76
Public Service Co. of Indiana — factory-packaged substation feeds suburban load, Hedges & Trainor, May 19 ..... *78
Toledo Edison places fuller's earth in sack to facilitate cleaning, Jan. 13 .. *63

Switches and Switching

Delta-Star shipped first interrupter with resistor (N) June 2 68
Delta-Star switch design (N) June 9. 80
Disconnect switch installations—2.4 to 12.4 kv (R) May 5 ..... *74
Electrical Engineers Equipment Co. switch carries more than 120,000 amp (N) June 9 ..... *82
New auxiliary scheme for large units avoids load shedding, J. C. Woods, Apr. 21 ..... *62
Royal Electric Mfg. Co. mobile display (N) May 2 ..... *74

System Engineering

APPA speaker stresses engineering, operations planning (N) Mar. 31 .. 37
Arizona agreements pay off—Arizona PS Co. and Salt River Power District (N) (map) June 23 ..... *82
Arizona computer study goes into second year, Feb. 17 ..... *76
Commonwealth Edison Co. decentralization keeps benefits of central control, Feb. 24 ..... *66
Commonwealth Edison Co. sets computer-control system (N) May 5 113
Computer calculates heat rates to set economic turbine overhauls at Georgia Power Co., Whitmer & Stephens (charts) Jan. 6 44
Computer gives automatic plant record at Louisiana P&L's Sterlington station (N) June 16 ..... *64
Connecticut Valley Power Exchange's new system operating center dispatches efficiently for 2 utilities, Stremlau & Switzer (map) Apr. 14. *60
Connecticut Valley Power Exchange selects, trains operators, R. N. Toutz, June 16 ..... *45
Dispatch computer for West Penn proves its worth, Osterle & Squires, Apr. 21 ..... *55
Evaluation of system transient stability requires consideration of three criteria, Lloyd & Desalvo (charts) Mar. 24 ..... *50
Generation: a new look at reserves—AIEE Winter General Meeting report, Mar. 3 80
Here are the ABC's of digital computer programing, F. J. Maginniss (tables) Jan. 13 54
High-use homes report—System design stressed for serving electrically-heated homes, W. H. Johnson, June 9 66
Leeds & Northrop and Philco Corp., share in computed program (N) May 19 104
Method corrects mistakes in data processing (N) June 16 66
NSB sidesteps carrier trouble LaTourette & Dols Feb 10 ..... *51
Niagara Mohawk's Western Div. operation proves design of new load control system (charts) Feb. 3 72
Photocopier makes quick documents, Mar. 31 ..... *60
Remote stations can be economically operated Simmons Jr. & Dartnall (charts) June 16 52
Sharing of computer programs—an untapped asset (Ed) Apr. 7 61
Step regulator design checked on analog computer H. L. Prescott, May 5 *56
UCPTE promotes Europe's power pool, June 16 47
Western Massachusetts Electric projects generation, transmission growth (map) Jan. 20 60

T

Taxes

Ad expense heads into tax wringer (N) Feb. 17 ..... *66
Ban on tax-exempt utilities to get Arizona airing (N) Feb. 3 104
Capitalized pay gives tax benefits W. F. Stanley, Feb. 24 64
Certain ad expenses not deductible (N) Feb. 24 65
Customers, stockholders both benefit from new accelerated depreciation plan (charts & table) Feb. 10 97
FPC sets up new tax accounting category for utility use (N) June 30 40
Internal Revenue Service to 'flag' income tax returns of private power companies (N) Jan. 20 50
Kefauver, Sen. Estes fires tax salvo (N) Mar. 24 69
Network plants qualify for some tax exemption (N) Feb. 24 118
Omaha Public Power District and Consumers Public Power District employees urged to help 'in lieu' tax drive (N) Mar. 3 70
Portland G&E suing IRS for tax refunds (N) Mar. 24 68
San Diego County fills suit for franchise taxes against San Diego G&E (N) Mar. 24 68
Southwestern G&E merits support in advertising tax case (Ed) Feb. 17 .. 61
State taxes are biting deeper (map & chart) Feb. 3 107
Where to draw the line in the advertising fight (Ed) Jan. 20 39
Wyoming—12 towns contesting the taxation of municipally owned electric utilities (N) Mar. 10 48
Wyoming's taxation of 12 municipally-owned electric systems appealed (N) May 26 51

Television

Industrial TV spurs cable insulation process, Apr. 28 127

Tennessee Valley Authority

After 25 years, still an issue (table) May 12 ..... *55
Another growth year for TVA (N) Jan. 13 48
Distributors cut consumer rates (N) Feb. 17 68
FPC turns down rates on power sold to TVA (N) June 9 58
Growth or sale of power facilities? (N) May 5 48
Hydro and heat pumps (N) Jan. 6 .. 42
Kefauver scores TVA proposal (N) June 2 41
Power in the region's future G. O. Wessenauer, May 12 ..... *57
TVA cuts transmission outlay, kwhr losses DeMerit & Hapgood, May 26 *66
Vogel, H. D. suggests formation of Tennessee-Cumberland Valley Association (N) Mar. 10 48
Vogel votes 'no' (N) Jan. 20 50

Testing and Tests

Ammeter speeds test of street light circuit, G. R. Roberts, May 26 ..... *54
Armour Research Foundation tests point to aluminum connector standards, Sanford & Fisher, Mar. 31 .... *38
Avoid trouble by checking grounds of power tools, T. E. Peay, May 12 *64
Cheap speed control possible by varying the motor terminal voltage, D. W. Huszagh (charts) Mar. 24 77
Cut costs with simple tester for slide-wire motors, L. S. Shoemaker, May 12 ..... *64
Doble Engineering Co.'s 25th annual clients' conference telecasts oil power factor tests, Feb. 24 ..... *73
Double Engineering develops oil dielectric-strength cell (N) Mar. 31 .. 69
Erratic tests traced to faulty terminals, M. L. Ferguson, Jan. 13 .. *68
Kearney Corp. adds test unit for sleeve holding power (N) June 9 80
Line Materials installs test for pole hardware (N) Feb. 17 ..... *114
Magnetic tester finds cracks in climbers, F. W. Jones, Jan. 27 ..... *134
Meter test stickers save $7,000 yearly at Alabama Power Co. J. E. Burney, Mar. 31 ..... *63
Mobile coupling capacitor facilitates radio interference testing at Leadville, Colo. project (N) Feb. 24 .... *84
PEA Meter Committee discusses random sampling, May 26 112
Philo 6 completes year's operation T. T. Frankenberg & others (charts & tables) Mar. 31 41
Portable set saves meter testers' time at Minnesota P&L, W. E. Christnagel, Apr. 28 ..... *98
Public Service Co. of Colorado begins high-altitude EHV tests at Leadville, Colo. L. M. Robertson, Jan. 20 *51
Slot discharge detector cuts repair costs, C. A. Duke, June 16 ..... *50
SMUD tests prove electric cooking results in little, if any, tarnish to silverware (N) Apr. 21 104
Swing to aluminum for service cable, Lucal & Pfister, May 19 ..... *72
Test aluminum hardware in coastal air at Hawaiian Electric Co. (N) May 19 ..... *72
Texas Electric Service Co. board speeds polyphase meter tests, W. H. Farrington, Feb. 10 ..... *60
Turbine blade test program conducted at Allis-Chalmers laboratory (N) Apr. 28 ..... *102
Utilities in 6 states adopt sample testing of meters: studies continue in 5 states (N) Mar. 10 46

Transformers

Allis-Chalmers issues transformer manual (N) Jan. 27 ..... *190
Allis-Chalmers to ship largest transformer (N) May 12 82
Anchor clips hold transformer rails firmly, Mar. 10 ..... *68
Baltimore G&E tripping scheme by microwave gives high-speed transformer protection, E. A. Cockey, Mar. 10 49
Brackets cut cluster-mounting cost, Sutphin & Sharpe, June 2 ..... *51
Can you afford old transformers? A. B. Coyle, Apr. 21 ..... *68
Chief Joseph transformers—Corps of Engineers, U. S. Army tells what happened (N) Mar. 17 63
Consolidated Edison installing largest network transformers (N) May 26 .. 74
Cut transformer costs or losses—which? J. B. Hodtum (charts & tables) Jan. 6 47
Delta-Star #1 transformers purchased by Okla. P. S. (N) Jan. 6 100

(Ed) Editorial. *Illustrated. (N) News. (R) Reference Sheet.

Gas-insulated and 200 Mva transformers made by GE (N) June 16..... 68
GE applies new marketing approach to transformers (N) Feb. 3..... 114
GE produces 600-lb current transformer (N) Feb. 17..... 112
GE reduces height of network transformers (N) Feb. 24.....*108
GE reports on "quiet" dry-type transformers (N) Mar. 10..... 98
Ground-fault neutralizers used at New England Power Service Co.'s Salem Harbor Station. Erickson & Stantial, June 30..... *50
How to cut costs of painting transformers, June 16..... *51
Impedance sets transformer cost. Rabins & Wheelock (charts & table) Feb. 3..... *67
Instrument transformers for metering (R) May 19..... *88
Insuldur, new insulation system for transformers (N) Feb. 3..... 113
Memphis, Tenn. gets 315-Mva transformers (N) Jan. 20..... *94
Method to phase-out transformers. Leon Bilk (R) Apr. 7..... 90
More power for New England Power—Allis-Chalmers transformers for Salem Harbor Plant (N) Apr. 14.... *79
New L-M transformer is self-regulating, June 23.....*105
New potholder gives 3-in-1 installation of pole transformers. H. O. Hodson, Apr. 14..... *72
N. Y. State Power Authority opens bids on 130-Mva transformers (N) Feb. 17..... 115
Operating underground wye-delta banks. J. A. Selvaggi (R) Apr. 21.. *72
Paper additive betters insulation. J. G. Ford & others (chart) Feb. 24.. 80
Parallel older transformers to extend life. W. H. Johnson, June 23..... 104
Philadelphia Electric's Eddystone transformers have dual-cooled system (N) May 26..... 78
Sealed dry-type transformers made by I-T-E (N) June 30..... 63
Series-multiple switches come on transformers (N) Apr. 7..... 96
Southern California Edison gets Allis-Chalmers transformers (N) Apr. 7.. *95
Tap changer redesigned for RT&E transformers (N) Feb. 10..... 106
Transformer cluster mounted on poles (R) I Feb 10—*66, II Feb. 24..... *86
Two transformers in Brooklyn, N. Y. retired after 56 years of service (N) Feb. 10 106
Type UD transformer data given in Uptegraff bulletin (N) Apr. 7..... 98
Uptegraff transformers are silicone-impregnated (N) Jan. 27..... 185
Westinghouse transformer features inner-cooled design (N) May 12..... 92

Transmission

Abnormally high flashover rates still puzzling — AIEE Winter General Meeting report, Mar. 3..... 76
Anchor Metals expands tower production (N) Feb. 24..... 108
Blaw-Knox towers, 110 of them, go to Philadelphia Electric (N) Mar. 24.. 87
California style "air lift" sets poles (N) Feb. 24..... *71
Cleveland Illuminating test case—can a city use police powers to force transmission lines underground? (map) (N) Feb. 3..... 58
Connecticut Valley Power Exchange's new system operating center dispatches efficiency for 2 utilities. Stremlau & Switzer (map) Apr. 14.. *60
Cougnard deionizers—state initial results are inconclusive, Mar. 17..... 66
Ehv is hot topic at CIGRE 17th convention (N) June 16..... 44
Extra high voltage transmission on 3 continents. D. T. Braymer (report) (maps & tables) May 26.....*55-70
400 kv overlays German 220-kv grid. G. V. Boll, May 26..... *56
345-kv interconnects two 400 Mw systems. Lacoo & Lischer, May 26... *60
Argentina plans long 880-kv line from hydro site, May 26..... *64
TVA cuts transmission outlay kwhr losses. DeMerit & Hapgood, May 26..... *66
$5 million EHV research project charted by GE, June 9..... *54
Florida P&L insulators trim 230-kv line cost. Johnson & McCoy, Apr 14. *64
Free-swinging rig aids tower work, Apr. 7 ..... *82
Great Britain decentralizes control of power-supply industry. J. H. M. Sykes, Jan. 27..... 82
Gulf States Utilities Co. changed pole structures take double circuit 138-kv line, May 5..... *52
Iowa P&L creates new H-frame design for transmission towers. E. E. Campbell, Jan. 13..... *58
Iowa P&L uses weights to control insulator swing. E. E. Campbell, Feb. 10 64
Measure short circuit forces on spacers. A. L. Malmstrom, June 30. *45
Mississippi P&L will serve new wood chip plant (N) Feb. 3..... 61
More research needed at higher voltages (Ed) May 26..... 47
New Jersey P&L plow speeds line over rough terrain. V. J. Reilly, Feb. 17. *82
Preformed Line Products Co. opens research lab to find better ways of cutting damage of wind vibration (N) Feb. 17..... *67
Public Service of Colorado begins high-altitude EHV tests at Leadville, Colo. L. M. Robertson, Jan. 20..... *51
Remote stations can be economically operated. Simmons Jr. & Dartnall (charts) June 16..... 52
St. Lawrence submarine adjunct—115-kv cable across Lake Champlain will link Plattsburgh and Vermont. R. E. Moran (map) Mar. 24..... *75
Sighting method is best for sagging big ACSR. P. C. Evans, June 2..... *52
Solve transmission sag problems. F. J. Hubert (R) I June 16—58, II June 30 58
Transients trouble suburban industries. C. E. Quick (chart) Feb. 10..... 57
Transmission and distribution construction (tables) Jan. 27..... 92
Transmission and distribution expenditures (tables) Jan. 27..... 90
UCPTE promotes Europe's power pool, June 16..... 47
U. S. capacity will hit 410-million kw in 1975 (charts) Mar. 10..... 52
Voltage regulator stabilizes automated plant operations. F. X. Doran, Feb. 10 57
Western Massachusetts Electric projects generation, transmission growth (map) Jan. 20..... 60
What is the next transmission voltage step? (Ed) May 5..... 43

Trucks and Trailers (see also **Materials Handling**)

Auger-derrick cuts digger mileage at Toledo Edison, Mar. 31..... *63
Carry fences safely on truck front. Wayne Glasscock, June 30..... *54
Chattanooga Electric Power ladder trucks substitute for poles. J. C. Barker, Mar. 31..... *56
CEI trailer hauls de-gasifier unit, then converts to meeting or stock room (N) Jan. 20..... *48
Derrick, winch and digger controlled by switch head (N) Mar. 17..... 83
Equipped small crews effective at Public Service Co. of Ind. G. W. Peak, May 12..... *67
Iowa P&L special rig places crushed stone backfill, Apr. 28..... *98
Large trailer substation meets highway regulations (N) Apr. 14..... 76
New rig speeds ground-rod driving at Florida P&L. H. L. Allen, Feb. 24... *78
100-kva trailer eases distribution problems. Wurth & Newsom, May 19.... *80
Portland General Electric boosts line truck mileage with gas-engine battery charger. L. F. Rohan, Feb. 17.. *84
Printer finds electric trucks safer, more economical. J. A. Devereux, June 9 .....*114
Square D Mobile showrooms go on area tours (N) June 30..... *59
Tandem trucks team together for twisting timber trip (N) Jan. 20.... *49
Thomas Industries Inc. trucks used in publicity (N) Mar. 24..... 88
Tree-trimming costs reduced at Louisiana P&L. C. C. Crockett, June 2.. *56
Water-spraying rig washes line insulators at Jersey Central P&L, Mar. 31 ..... *60

Turbines

Allis-Chalmers contracts to build 111,500-hp. hydro turbine for Alabama Power (N) Mar. 10..... 98
Allis-Chalmers receives three hydroturbine awards (N) Mar. 24..... 87
British Columbia Power Co.'s Georgia Generating Station—Canadians roll gas-turbine plant. J. G. Harvey, Feb. 17 ..... *69
Computer calculates heat rates to set economic turbine overhauls at Georgia Power Co. Whitmer & Stephens (charts) Jan. 6..... 44
GE launches turbine profitable power program (N) Mar. 31..... 69
GE reports developments on turbine-driven units (N) June 30..... 61
GE ups turbine prices 3%; Westinghouse starts study (N) May 5..... 48
Ontario Hydro's Sir Adam Beck station—three pump-turbines in operation. Dr. O. Holden, Jan. 20..... *56
Pacific G&E orders 300-Mw Westinghouse unit (N) Mar. 3..... 124
Pump storage units to fit system conditions. H. H. Roth, May 12..... *72
Steam turbine returns to drive BP pumps at Huntley, replacing motors. R. P. Moore, Mar. 17..... *68
Steam turbines to power boiler feedwater pumps at Philadelphia Electric's Eddystone Station (N) June 2 68
Turbine blade test program conducted at Allis-Chalmers laboratory (N) Apr. 28 .....*102
Turbines gain as BF-pump drives for large units but motors still hold the lead. L. M. Olmsted, Mar. 17..... *68

V

Voltage Regulation

Find voltage rise provided by capacitors. D. E. Haasch (R) Jan. 27.... 138
High-use homes report—Service voltage boost urged for all-electric homes. R. F. Lawrence, D. K. Blake, June 9 62
Needed: a decision on higher service voltage (Ed) June 9..... 53
One key reason for higher service voltage! (Ed) June 30..... 35
PCEA meeting urges higher secondary voltage, Apr. 28..... *91
PEA discusses serving heat load, May 26 110
Service voltage needs research. A. S. Anderson, June 30..... 46
Step regulator design checked on analog computer. H. L. Prescott, May 5 ..... *56
Voltage regulator stabilizes automated plant operations. F. X. Doran, Feb. 10 57
